You will find the answer to practically every Gift Problem that confronts you if you will but enter the front door of Feldman & Co.'s Gift Shop in Lincoln. . . This may sound like a rather large statement but we have found it true time after time as shoppers who have shopped our Gift Shop have told us as their purchases were wrapped in attractive Christmas wrappings, that their gift problems had been solved here with a minimum of effort and a great savings in time, as well as the uncertainty of finding just the gift for mother, father, sister, brother, or sweetheart . . . and even grandmother and granddad are made happy with gifts from our shop.

If we were asked as to just what particular items of merchandise we carried, we would be compelled to answer you with this also rather large statement . . . we are known as "The Store of a Thousand Gift Suggestions" . . . we know that you will agree with us after you have made your first trip to our Gift Shop. And when you have made your second, third, and fourth visits you will still continue to be amazed at the ever increasing number of enjoyable gift ideas that surround you on every side. In fact, you become so enamored with the many, many pretty things you see that you continue to look even after you have found just what you wanted.

This season we have brought to the shoppers of central Illinois a new gift service . . . Our "VICTORY ROOM", featuring a complete room of charming new Dinnerware with such outstanding brands as Sycamore China and W. S. George American Dinnerware . . . Beautiful Glassware is an attractive companion of our dinnerware, featuring Cambridge Rose Point and Imperial Candlewick brands . . . Many tables with complete dinner settings of china and glassware offer one an eye-satisfying treat that cannot but make one wish to "set their table for holiday hospitality." When shopping our shop do not fail to step into our Victory Room for an added thrill.
