it and less worrying as to whether or not you will be found out.

Have all the fun you can on Halloween, but play fair.

Letter Box

October 20, 1942
Mount Pulaski, Ill.

Dear Mr. Wible:

I am writing to tell you what every young person is thinking.

In the first place, the students of MPTH ask, "What is there in Mount Pulaski for the young folks to do?" Have we any swimming pools, ball parks, tennis courts, or any place to dance and enjoy ourselves? Look at the money that was spent for the "park" south of town. What did they actually get out of it? They got a nice big mud hole!

Some of the parents keep telling us to stay in town and save on tires, but what is there to

stay in town for? Pop might say, "you can have the car to-night but don't go out of town." Now what can a boy do with a car in Mount Pulaski besides pick up a girl and go out to the "city park" and neck. (Pardon my slang.)

Give us a good place to dance, play tennis, or any other reasonable sport, that's all we ask. Naturally the parents are right, we should save on tires, but the CITY OF MOUNT PULASKI SHOULD ALSO FURNISH ENTERTAINMENT FOR THE SCHOOL STUDENTS.

Halloween will be coming soon. Do you want to know how to avoid a lot of pranks? Just throw a big dance Halloween night. You would be surprised at the number of kids who really want to have some clean fun. BUT, if there's nothing else to do, what's to keep us from swiping lawn chairs and tipping over back houses?

I guess I've said about enough now, although there are plenty of other "squawks" I could make. If you will print this letter, maybe it would wake up some of our CITY COUNCIL.

Yours truly,
A High School Student.
