That corn field of yours not only can be the means of satisfying the hunger of hundreds of soldiers — men, women, children, but it can be converted into vital rubber, and powerful explosives. Yes, your field of corn is truly a storehouse of food and ammunition, products that will win the War and the Peace. Your job is to raise more corn and it's the job of your neighborhood DeKalb Hybrid Seed Corn dealer to help you increase your yield — raise more and better corn on less land. Your local DeKalb farmer-dealer knows corn because he grows it — he knows your soil, your weather and can help you select the hybrid varieties that will do best on your farm. See him today.
