METHODIST CHURCH NOTES

Annual Home Coming at French's Chapel all day Sunday July 31st. Basket dinner, of course, with hot coffee. Doctor Fairchild to be the morning preacher and other ministers sprinkled through the afternoon program. Rev. James Reynolds and wife have already promised to attend. The Mt. Pulaski Male Quartet have consented to take a part in the events of the day. The testimony period in the afternoon should be participated in by all. Make it an 'Old Settler's' meeting if you desire. We want to hear anything from you suitable for a Home-coming and neighborly reunion occasion.

Next Sunday evening in connection with the regular preaching service our Junior Choir, trained by Miss Carolyn Snyder, will have a part in the opening service. The pastor is always glad to have assistance like this for the benefit of the evening service which seems to be the hard pull.

The stranger is welcome to our services.

Rev. H. M. Blout, pastor.

Out Pet Peeve

Rudely awakened by the insistent ringing, and bruising his knee on a chair on the way, he finally reached the telephone and growled into it, 'Hello.'

'Are you a telephone company official?' asked a voice.

'Yes, what can I do for you?' he replied.

'Just tell me,' said the voice, 'how it feels to get out of bed at 2 o'clock in the morning to answer the wrong number.'

The
Surprise
of
Your Life!

YOU will wonder, when you see it, how so much quality, so many features, such value can be given for such a low price.

And the closer you inspect the new low-priced Kelvinator "K" Model, the more you will realize that here is a real, quality electric refrigerator at a price so small anyone can afford to own it.

Just look at these features—porcelain cooling unit—large ice capacity—heavy bar type shelves—porcelain interior for easy cleaning—eight freezing speeds—chrome hardware—legs, high enough for easy cleaning but not so high they spoil the beautiful lines of the cabinet—automatic electric light (porcelain models)—Triple Control Panel with overload and defrosting switch—rubber Flexo trays—table top—heavy Kelvax insulation—the time-tested and proved Kelvinator compressor—and the finely constructed Kelvinator cabinet.

Here are features that guarantee complete satisfaction, dependable and economical operation, and years of deep enjoyment with your Kelvinator.

There are 8 Models from which to choose. Come in and let us show you the biggest value in electric refrigeration. Small down payment and convenient terms on the ReDisCo Monthly Budget Plan.

IMPORTANT

Whether your final choice is a Kelvinator or some other electric refrigerator, select a model that is large enough for your future as well as present needs. And since an electric refrigerator is a long-time investment, choose one that is manufactured by a reliable company, with proper experience in the refrigeration field. "Orphan" products of any kind are poor investments. And the cheapest product becomes the most expensive if it fails to perform the service for which it was bought.
