## High Defeats Latham 24 to 6

### Team Standing.

Team	W.	L.	Pct.
New Holland	5	1	.333
Atlanta	5	1	.333
Beason	4	2	.666
Elkhart	4	2	.666
Hartsburg	3	3	.500
Mt. Pulaski	2	4	.333
Middletown	1	5	.166
Latham	0	6	.000

Mt. Pulaski High's baseball team held a field event at Latham last Friday afternoon, October 14th, when they romped away with a 24 to 3 victory.

Hard hitting by the locals, coupled with misplays on the part of the Latham boys, made the game a very one-sided one. This win puts the local school in sixth place in the county league standing.

New Holland and Atlanta, by defeating their opponents, still remain in a tie for first place with little chance of breaking it as both play weaker teams this week-end. But some upsets might occur so the teams are not putting down their wins as yet.

Last week Atlanta defeated Elkhart 7 to 4 to feature their homecoming. Hartsburg took an unexpected fall out of Beason by a 6 to 2 score. And New Holland handed Middletown another reverse, 7 to 3.

## Local Bowlers Win Again

The Hilltopper bowling team of Mt. Pulaski added another victory to their long list of wins at the Uptown Bowling Palace in Lincoln last Friday night.

## Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it.

The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

ILLINOIS needs a new deal; its farmers in particular. The coming four years will be the "toughest" in the State's history. Unemployment, financial depression, taxes and other ills make it imperative for us to "man" our government with men equipped to meet a crisis, trained to stand up, clear-headed and practical, under grueling strain.

Such men comprise the Democratic ticket, from its choice for President of the United States, and Governor of our State, down through all the state offices. Only by electing this entire ticket can Illinois effect the "necessary" change. Good horse sense will tell you it must be done; the incapacities of the past few years are evidence enough.

Speaking frankly and unequivocally on the farm problem, as its candidates have done throughout their campaigns, the Democratic Party in Illinois and the Nation can and will adopt certain definite measures toward helping the farmer; reasons if you wish, why everyright-thinking farmer should vote the Democratic ticket.

**Reduce Farmers' Tax Burden.** The Republican candidate for Governor's two administrations literally ran riot with public expenditures, and neither farm land nor city real estate can longer bear the burden. Expenses of government and taxes must be reduced. And a goodly part of the tax burden must be shifted from the land. It will be because the state government can do it.

**Help The Farmer Help Himself.** The State government can and will make it its business to aid in the development of voluntary co-operative movements among the farmers so that they can themselves secure the highest obtainable prices for their products.

**GOOD ROADS.** The State can and will materially aid the farmer in keeping roads in the best condition so that he can, with the least trouble and cost, get his products to market.

**Nation-Wide Farm Relief.** A Democratic State government through a Democratic administration at Washington will make the voice of Illinois' farmers heard throughout the land in compelling a solution of the farmers' problems and in the halting of the disastrous farm board's policies.

Judge Henry Horner

If you are for Franklin D. Roosevelt for President it will be to your advantage to vote the straight Democratic ticket. He needs a complete Democratic administration in Illinois to carry out his policies; a Democratic Senator from Illinois and Democratic Congressmen. Without the co-operation that they alone can give he is handicapped from the start

## A VOTE FOR THE ENTIRE DEMOCRATIC TICKET IN NOVEMBER IS A VOTE FOR A NEW DEAL FOR THE ILLINOIS FARMER
