(Continued from page 1)

During the brief period that this intimate home relationship exists,

Many fond memories are built to which in later years, both parent and child can look back with a great deal of satisfaction.

And mothers, at this particular season, have much to be grateful for as well as the son and daughter who honor her especially on this coming Mothers' Day.

For they, have been blessed with one of God's greatest gifts to womankind—Motherhood.
